

Javad Shamekhi

Fullstack Developer

Building reliable fullstack apps with Next.js and Spring Boot.

Skills

Java • Spring Boot • SQL • PostgreSQL • MySQL • Redis • Next.js • TypeScript • Tailwind CSS

Experience

Intern - ERP Company • Backoffice Systems2024

- Built complex SQL queries and views for operational dashboards
- Optimized slow queries reducing median latency by ~40%
- Collaborated with seniors to improve data integrity

Personal Projects • Spring Boot & Next.js2024–2025

- Implemented REST APIs with authentication and role-based access
- Built responsive UIs with Next.js, TypeScript, Tailwind
- Used PostgreSQL and Redis for persistence and caching

Education

B.Sc. Computer Science • Your University2019–2023

Software engineering and databases

Projects

Task Manager API

Spring Boot REST API with JWT auth, PostgreSQL, and Redis caching.
Java, Spring Boot, PostgreSQL, Redis, JWT

Project Planner

Next.js app for planning projects with drag-and-drop and Markdown notes.
Next.js, TypeScript, Tailwind
